Work environment coordinator

Crisis Action Plan for Students

Receive information

The person who receives the information uses the document 'Checklist for notification of incident' to ensure that all necessary information is gathered.

Information

The person who receives the information passes it on to the Head of Department or equivalent. The Head of Department informs the Head of Human Resources at the Faculty Office, and emails the completed checklist to him/her. The Head of Human Resources contacts the Vice Chancellor's Office.

Head of Human Resources

Gunilla Thylander

E-mail: gunilla.thylander@science.lu.se

Phone: 046-222 40 32; 0730 57 67 66

The Head of Department also informs members of staff concerned at the department. Other contacts and partners at the University should also be identified and informed.

Suggested text for message to students and staff of the department or unit:

Subject: Notification of death

It is with great sadness that I have to inform you that our student XXX enrolled on yyy (course or programme) respected at the Department of Zzz has died. Our thoughts go to XXX's family and friends. A memorial will be held, to which all are welcome. Details of the time and place will follow as soon as possible.

Xxx, Head of Department

Planning meeting

The Head of Department promptly calls a planning meeting.

Those attending the planning meeting are to include (but are not limited to):

- Head of Department
- Head of Division/Unit (where applicable)
- Head of Human Resources at the Faculty of Science
- Director of Studies
- Programme Director and Course Director
- Representative of the Students' Union, e-mail: luna@luna.lu.se, phone: 046-222 03 18

The meeting will discuss what measures need to be taken, who is to be responsible for them and when the actions are to be completed.

Examples of what needs to be done

- Contact with relatives
- Memorial
- Representation at funeral, wreath, etc.
- Obituary
- Information to the students of the course or programme
- Contacts to offer counselling to students,
Student Health Centre
phone: 046-222 43 77, [Student Health Centre Counselling webpage](#),
LU Chaplans
e-mail: studentprasterna.lund@svenskakyrkan.se
phone: 046-35 87 35

Duties

- Consider what duties (e.g. teaching) need to be taken over immediately
- Consider whether external partners need to be informed
- Consider whether the person concerned had commitments that need to be cancelled, e.g. meetings and conferences.

Administration

Ladok and the Population Register run daily updates, when a death is reported in the Population Register, information is automatically updated in Ladok. This applies to students with a Swedish social security number. For exchange students (they never have a Swedish social security number), some manual work is required. The coordinator or study administrator must add dropouts to the course and remove any expected participation in the course in Ladok.

LDC student account and student email

LDC (Per Hallgren) needs information about name and social security number to be able to run a backup on the student's email to be able to forward to relatives if they request it. Important!

Notification to LDC needs to be made quickly before update of the Population Register has taken place, otherwise the information will be deleted.

The HR administrator at the unit/department together with HR coordinator at the faculty are responsible to:

- Check what access rights the person concerned had and cancel these
- Close the StiL account of the person concerned and cancel his or her student registration
- Check what keys, access cards, etc. the person concerned had and ensure they are returned to the University
